ANTIOCH, ILLINOIS, THURSDAY, SEPTEMBER 17, 1942 FIRST IN RESULTS TO ADVERTISERS NUMBER 6

Coach Service Will Continue During Winter

American Coach Co. Says Service Is Permanent to Chicago, Waukegan

President A. R. Gerner of the American Coach company has announced that motor coach service to Chicago and Waukegan will continue during the winter months. The announcement followed a conference held here Tuesday night with Lions club committee members, Wm. A. Rosing and Dan Boyer.

Both the Waukegan route and the through coach to Chicago have been well patronized during the summer. It was disclosed by the coach company's president, and with the tire situation a problem for private cars, and the coming gasoline rationing, there is little prospect that there will be falling off of patronage even after the passing of the summer resort season. Formerly the coach schedules were operated on a seasonal franchise and the service was suspended following Labor Day. Now with many local residents employed in north shore defense industries and many commuters to Chicago depending upon coach service there is demand for year around service.

Pres. Gerner and local committee members also worked out a revised schedule which will offer early morning service to commuters both to Waukegan and to Chicago. This will be announced soon.

Two Protest Story Of Judge's Ruling In Ballot Box Case

Libertyville Election Judges Say "Charges Were Found to Be False"

The Antioch News is in receipt of a letter bearing signatures the names of Mayor A. E. Suter of Libertyville, and Nellie Burnette, election judges in Libertyville precinct 5, in the June 1 election, in which they protest the publication of the ruling of Judge Perry L. Persons as rendered in county court on August 27. Judge Persons' ruling in the case followed the filing of charges by members of the Lake County Democratic Central committee that "the secrecy of the ballot had been violated, and that electioneering had taken place inside the polls."

The letter to the News which bears the names of Mayor Suter and Mrs. Burnette (both, however, in the same handwriting) states in part:

"In all fairness to the parties involved, will you please print the enclosed in your paper?"

The article referred to is headed: "Polls Officials Cleared of Any Violations," and further states in part: "The charges preferred by Aubrey Wells, Democratic committeeman of Precinct 5, Libertyville, through the Lake County Democratic Central Committee were found to be false. The article carries this closing statement: 'County Judge Persons ruled the charges were unfounded and confirmed the appointment of the two judges to the Nov. election.'"

Here's What Judge Persons Said:

The following is a certified transcript of Judge Persons' ruling:

"I hardly think it is necessary to ask you gentlemen to discuss the evidence here. There were two irregularities, as shown by the evidence: one, the failure to lock the ballot box in accordance with instructions, and the other is as to the specimen ballots furnished by the County Clerk. I think it is conceded, even by the witnesses, Suter, that no name should be inserted in a specimen ballot. It should be exhibited and posted as other specimen ballots, unchanged as it comes from the County Clerk; but when all is said and done, those irregularities and failure to comply with the statute I think are insufficient to warrant the Court in refusing confirmation of the two judges Suter and Burnette, in the list selected by the supervisors, and consequently, the objection will be overruled. The list in Libertyville 5, as selected by the Board of Supervisors, will be confirmed and commissions in this Court will be ordered."

The Antioch News, of course, is in no way responsible for the utterances of Judge Persons, either in or out of court. His ruling in the election ballot case is a part of the official court record. If the statements contained in it are objectionable, then steps should be taken to have them expunged. In that case a good lawyer could be more useful than a newspaper.

Woman Dies After 8th Child Is Born

Mrs. Vera Wells, 40, of Mundelein, passed away Friday, Sept. 4, at Victory Memorial hospital, Waukegan, shortly after giving birth to her eighth child. Besides the newly arrived daughter, she leaves her husband, Harold, and seven other children—Harold, Jr., Leone, Donna Mae, Kenneth, Gordon, Carol and Robert. She is also survived by her mother, Mrs. Emma Kinnade of Antioch; a brother, Ralph, also of Antioch, and a sister, Mrs. Ruth Snyder, of Mundelein.

The deceased was born November 6, 1902, in Antioch. She moved to Mundelein in 1922, shortly after her marriage.

Funeral services were held Monday afternoon at 2:30, at the First Congregational church, Ivanhoe, with the Rev. C. Arthur Jenne officiating. Interment was in Ivanhoe cemetery.

School For Air Wardens to Open Here Sept. 24

Defense Meeting at High School Last Night Attended by 125

A school for air wardens consisting of five important lessons will start in Antioch on September 24, it was decided by wardens of the township last night following the general defense meeting held in the Antioch high school auditorium. Fred J. Berg, who took the state course for air raid wardens at Jacksonville last summer, will be in charge of the local instruction.

Over 125 air wardens, police, firemen and first aid men attended the meeting last night to hear the address of Morris J. Nathanson, of Albany, Park, Ill., who is chairman of civilian morale in his community; and to see a motion picture on safety and defense work shown by A. R. Andrews, district manager of the Illinois Bell Telephone company.

Committee reports were called for by Township Defense Co-ordinator Roman Vos; including the report of C. L. Kutil, salvage chairman; Mrs. Vincent Nedbal, chairman of women's defense committee; Mayor George B. Bartlett, township defense chairman, and Lake County Co-ordinator Paul King attended the meeting.

AAA Elections To Be Held Friday

AAA elections will be held on Friday evening, Sept. 18, 1942, at 8:00 p. m. for the purpose of electing county and community committeemen to serve for 1943.

The nation needs the AAA program in wartime. We need food and fiber and these must come from the farms. If farmers raise more of the crops that we already have a large surplus of, such as wheat, and less of the crops that are needed, they will accomplish nothing in our "food-for-freedom" program.

Elections will be held in this part of the county in the following places: Newport and Benton Townships at the Lone Oak school, Antioch and Lake Villa, at the Antioch Township high school, Antioch, Avon and Grant, at Farmer's Hall, Grayslake.

Antioch Legion Men Named 10th District Officers

Past Commanders Vos and Horan Given Important Appointments

Delegates and members of the Antioch American Legion post tonight will attend a meeting of the Tenth district representing the 14 Legion posts of Lake county, at the Legion home in Waukegan, when the 1943 district officers will be installed by Past Department Commander Charles Kapschull of Deerfield.

Arthur Fuller, of Waukegan, the new 10th district commander has given Antioch post two important chairman appointments. Roman B. Vos, past commander of the local post, was named Americanism chairman, and Past Adjutant John Horan was appointed post relationship chairman.

The district meeting was advanced so that Lake county delegates may leave in time to attend the national convention at Kansas City over this week-end.

Heath Presides First Time Friday

Commander C. L. Heath will preside over the local post meeting tomorrow night for the first time since his installation two weeks ago.

All Sons of Legion have been notified to attend a meeting on the same evening at 8 p. m. to hold their election of officers. The first order of business following the Sons of Legion meeting is to be taken up by the local post will be the forming of plans for the 1943 drive for membership. The forthcoming drive should not be difficult, Legionnaires say, because the post closed the 1942 year with the highest membership in its history—118. For this record the post was presented a citation coming from national headquarters.

Will Aid Civil Defense

Legion members are now working on a program for rendering valuable aid in the community's civil defense effort. Many members of the post have seen active service in the first world war, and they feel that many of the community's social activities should be curtailed and that more time should be devoted to the defense effort—while young men of the community are over there doing their share in the big fight.

H. S. P.-T.A. To Hold Reception For Board Members and Teachers

A reception for teachers and members of the Antioch High School board of education is being planned by the High School P. T. A. association to be held Monday night at the high school. The general public is invited.

FDR Plans Nationwide Gas Rationing With 35-Mile Speed Limit for U. S.; Double-Time Pay Banned for Duration; British Renew Madagascar Occupation

(EDITOR'S NOTE: When opinions are expressed in the columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)
Released by Western Newspaper Union.

When the U. S. marines accomplished their history-making offensive in the Solomon Islands, amphibian tractors churned South Seas water to start of the war. The tractor is in the background as these marines dug cleared of the enemy.

GAS RATIONING: President Acts

For weeks silvery-haired Bernard M. Baruch and co-members of the President's special rubber committee had labored over the problem of what to do about the nation's steadily diminishing rubber supply.

When the committee handed Mr. Roosevelt its report, the President was ready for action.

First, he announced that "as rapidly as arrangements can be made" he would put into effect a set of recommendations submitted by the committee, including national gasoline rationing and drastic restrictions on civilian motoring.

Made public in the President's announcement were additional steps recommended by the committee which included:

A 35-mile speed limit for passenger cars and trucks; an average annual mileage of 5,000 miles per car, permitted only for "necessary driving"; release of more rubber to the public for recapping old tires to maintain necessary civilian driving; imposition of gasoline rationing nationally on the basis of 5,000 miles per year per car; compulsory periodic tire inspections; voluntary tire conservation pending establishment of gas rationing.

Submitted with the committee's recommendations was the blunt declaration that rubber conservation was now a matter of "discomfort or defeat."

MADAGASCAR: 'Full Occupation'

Even as communiques revealed that the British had opened a general offensive against the west coast of Vichy-held Madagascar, the state department in Washington announced that Great Britain with the full approval of the United States had decided to undertake "further military operations" in the Madagascar area.

British action was taken to eliminate reported refueling of Jap submarines in secret harbors and Nazi espionage in connivance with Vichy agents.

Significant of the close military collaboration between Britain and the United States and their indifference to Vichy France opposition, the state department announcement declared:

"The full military occupation of Madagascar by British forces will not only contribute to the successful conduct of the war against the Axis forces, but will be in the interest of the United Nations."

DOUBLE-TIME PAY: Curbed by FDR

"Penalty double time" pay for millions of industrial workers was abolished for the duration of the war when President Roosevelt signed an executive order banning the practice for Sundays, Saturdays and holidays.

The President's action thus invalidated contracts in which employers were required to pay workers double time, for work on Saturdays or holidays, even though these days fell within the regular five-day work week.

Mr. Roosevelt said he had taken the step in line with an understanding previously arrived at with William Green, president of the American Federation of Labor, and Philip Murray, president of the CIO.

The order was signed at almost the final hour of a deadline set by the United Automobile Workers union, of the CIO. The UAW which had voluntarily surrendered such double time had protested that rival organizations had not made the same sacrifice. Enactment of the order thus eliminated a possible labor conflict.

RUSSIAN FRONT: Nazis Rule Air

The gloom of Russia's military predicament was darkened when correspondents in Moscow were permitted to cable the news that the German air force had secured virtually undisputed sway over the beleaguered city of Stalingrad, key industrial and communications center of the Volga area. Added to this pessimistic report was the news that additional "populated places" adjacent to Stalingrad had been lost by the Russians.

With Nazi Marshal Fedor von Bock hurling massive armored and infantry forces into a frontal drive against the city, it was only by the stubborn resistance that the Reds were able to continue their formula of "fall back and keep fighting."

The only comforting aspect was that the Nazis were paying costly prices in men and equipment for every foot gained.

In the Caucasus area the news had likewise been adverse, for the Russian high command acknowledged that fighting had reached the "outskirts" of Novorossk, last remaining naval stronghold on the Black sea.

VOTES: For Armed Forces

Wherever they are serving Uncle Sam on the far-flung war front, more than 4,000,000 men and women in the nation's land and naval forces were given the right to vote in the coming November elections and in subsequent elections until the end of the war, when the house of representatives approved legislation extending the ballot to absentee members of the army and navy.

The house's action set a new precedent, for never before in time of war had the armed forces been able to vote away from their home districts.

Affected by the new law was every citizen serving in the army or navy, including members of the Army Nurse corps, the Navy Nurse corps, the Women's Navy reserve, and the Women's Army Auxiliary corps.

SOUTH PACIFIC: Japs Persistent

Australia felt again the chilling threat of a Japanese approach, as Nipponese and Allied armies had fought for control of the Port Moresby area—only 375 miles from the northeast tip of the Australian continent.

In a drive which had started late in August from the Kadoka area, north of the Owen Stanley mountains, the Japs by infiltration and flanking methods against the Australian defenders had pushed southward through the highest pass in the range toward their coveted goal.

Meanwhile, in answer to General MacArthur's plea that each American kill one Japanese apiece, Yankee forces resumed the offensive in the Solomon Islands. A communique indicated that the positions originally seized by the American marines had become so well established that they could now be used as a springboard for delivering further hard blows at the enemy.

BRIEFS:

LONDON: Sir James Grigg, secretary of state for war reported to the house of commons that up to the present date, 77,190 British war prisoners were in Axis hands. He said that figures did not include prisoners taken in Malaya or those of the other Far Eastern theaters. The number of these had not been determined.

LUXEMBOURG: Defies the Nazis

Plucky Luxembourgers gave the lie to Nazi propaganda that they were voluntarily acquiring German citizenship and entering the enemy armed forces, by staging a general strike—the first in a German-occupied country.

The pint-sized duchy, which has a population of but 269,913, is nevertheless one of the world's most important steel producing regions. The exiled Luxembourg ministry in London reported that German authorities had declared a state of emergency and threatened striking workers with death.

Repressive measures were imposed throughout Luxembourg when the strike which started at Schifflingen, spread to other towns. Sabotage against railroads in the tiny country was reported widespread, with workers putting equipment out of order.

TRUCKS AND TAXIS: Face U. S. Control

The operation of 5,000,000 commercial motor trucks, 150,000 busses and 50,000 taxi cabs will be placed under government control by November 15 as a measure to conserve transportation facilities for war purposes, it was announced by Joseph B. Eastman, director of the Office of Defense Transportation. Passenger cars and motorcycles were exempted from the new regulations.

The ODT's order directed operators of commercial vehicles to obtain a "certificate of war necessity" to obtain fuel, tires, tubes and accessories.

Mr. Eastman said the certificates for commercial vehicles would require a tire check every 5,000 miles, or every 60 days, whichever occurs first, to assure proper inflation and repairs. Certificates, he indicated, will be issued to all types of trucks, vehicles built primarily for transporting property and passengers and others available for public rental, such as ambulances and hearses.

The objective, he said, is to limit their use to operations necessary to the war effort, or to the essential domestic economy.

FRANCE: Petain Is Warned

Edouard Herriot is one Frenchman not afraid to raise his voice in blunt opposition to Vichy. Jules Jeanneney is another. Both command respect in Unoccupied France, for Herriot is mayor of Lyons and Jeanneney is former premier and Jeanneney's former cabinet member. Both were leaders of the last parliament of the Third Republic.

Thus Frenchmen everywhere listened when these two delivered a solemn warning to Marshal Petain and Pierre Laval that France may suffer "convulsions" if the Vichy

EDOUARD HERRIOT.
... Convulsions will follow.

government attempts to draw the nation "into war against our Allies."

In an unprecedented letter indicting the present regime, Herriot and Jeanneney implied that despite the French defeat in June, 1940, and the armistice with Germany and despite the rise of Petain and Laval, they still consider France bound by the treaties of alliance with which she entered the war.

TANKS VS. PLANES: U. S. Passes Axis

Robert P. Patterson, undersecretary of war, had good news for the nation when he announced in Cleveland that American tank production had reached "an impressive figure" and that Uncle Sam was now turning out more planes than Germany, Japan and Italy combined.

Answering criticism of American war material, Patterson said that in speed, range, toughness of armor and hitting power, the U. S. medium tank, either the M-3 or the M-4, "is superior to the best German tank," as "proved in combat in Egypt."

Combat records, he declared, also had proved the Curtiss P-40 better than the Jap Zero planes.

SEA SAGA: Wakefield Rescue

A grim drama of the sea, abounding in tales of heroism was unfolded when survivors of the burned naval transport Wakefield were landed on an Atlantic coast port.

Formerly known as the liner Manmerchant, the Wakefield had more than 1,000 passengers and crew members had been removed without loss of life.

Yesterdays

16 YEARS AGO

September 9, 1926

That Antioch township high school is to have the greatest enrollment in history was evidenced Tuesday morning when happy vacation days ended for one hundred and forty-five young women and men who registered for the school year at the local institution of learning. The nearest approach to this number was last year when the register showed a total enrollment of one hundred and forty.

Mr. and Mrs. Frank Hunt spent the last few days of last week with Mr. and Mrs. Ernest Clark, of Toledo, O.

Mr. and Mrs. O. E. Hachmeister are enjoying a ten day vacation visiting in Evansville, Ind., and Louisville, Ky.

Oliver Mathews was a Chicago visitor one day last week.

While in Salem, Wis., Monday evening Walter Chinn had his Nash sedan stolen while he left it parked in that city while doing some shopping.

Miss Edna Drom has accepted a position at the Antioch postoffice.

Your electric cords are precious —

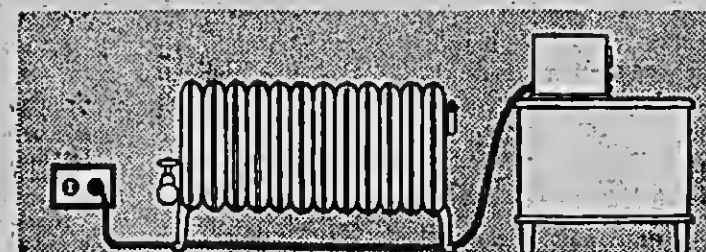

MAKE THEM LAST!

Electric cords are made mostly of rubber and copper—two materials that are much in demand these days! Check the electric cords in your home, using this guide. Make them last just as long as they were designed to last!

HOW TO MAKE CORDS LAST LONGER

There are three things that commonly cause your cords to wear out:

1. **FRICTION.** When disconnecting, don't yank on the cord—take hold of the plug. Never let a cord become twisted or knotted. When not in use, hang it over two widely separated hooks, so there will be no sharp bend. Never run cords under carpets, or nail them to the wall or floor. Be sure they are away from moving parts of appliances.

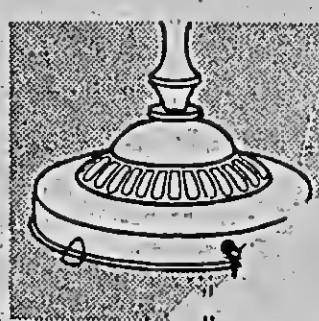

2. **HEAT.** Keep cords away from radiators, pipes: Even direct sunlight will shorten the rubber in a cord.

3. **MOISTURE.** Don't let rubber-covered extra

SEQUOIT NEWS

Edited by Students of Antioch Township High School

Mr. Birkhead Inaugurates New School Plans

(By Jack Fields)
Students at Antioch High school this year have two lunch hours—but are entitled to eat at only one. The cafeteria system was put into effect in order to accommodate more easily those eating meals from the cafeteria, and those who desire to bring their lunch, thus alleviating the congestion and confusion formerly brought on by lunch hour.

New also to students is the 20-minute home room period each morning from 9 to 9:20. This home room period allows for class meetings or club meetings or any other activity that allows students to gather without throwing the regular classes into confusion. The locker situation is more or less the same as in previous years with each student occupying a separate locker and with the boys separate from the girls.

Antioch Will Open Football Season at McHenry Friday Night

(By Dale Barnstable)
With an almost green-squad Antioch will invade the fair of McHenry Friday night at 8:00 o'clock. McHenry will be trying to avenge a 7 to 9 defeat the Sequoits gave them last year. Although there were eleven regulars lost through graduation, the prospects are promising.

The coach has plenty of worries trying to fill the shoes of George Sternbenz, fullback, Jim Roepenack, halfback, Art Carpenter, center, and Jack White, guard.

The present squad numbers around 40, with the seniors holding the edge. The Sequoits will be in quest of their second straight conference championship.

In a statement by Coach Wolfbarger he remarked: "My idea is that the outlook is doubtful, as a result of the fact that the squad is lacking in experience. Due to transportation and working conditions, boys are unable to stay for practice."

The prospects for the positions are: Center—Joe Nader, Louie Nielsen; ends—Clarence Dressel, John Meyer, Dale Barnstable; tackle—Max Wenz; back—Bill Effinger; guards—Bob Bennett, Ted Maplethorpe, Walter Calhoun, Laurie Yopp, Richard Stastney; quarterback—Jack Fields; halfback—Earl Bixen, Dick Kaufman, Sam Klass, Harry Smith; Bill Seick; fullback—Bob Ellis, Bud Maplethorpe.

Miss Culleton Is New Librarian

(By Jim Morton)
Miss Culleton's home is in Valley City, North Dakota. She acquired her high school training in Glendive, Montana, and also at North Dakota State Teachers' college.

She has taught English and Literature in Oriskany, N. Dak. Her hobbies are books and photography. After doing

PART-TIME WORK

We need men and women for factory work between the ages of 18 to 30 for work on Saturdays or Sundays or both. 100% Defense. Experience not necessary. We will teach you with good pay while learning. Time open on three shifts. This is an opportunity for people not working on defense jobs to do their part. Apply any day from 8 to 5 p. m., except Sunday. Evenings and Sundays by appointment only. SCALE-CRAFT & CO., 804 East Church St., Libertyville - 1240. (4c & 6c)

ing all these things and being in so many places she likes the position she has with the Antioch High school's faculty as librarian. Many plans have been made for our library as soon as the storeroom is cleaned and "demoused." Many more magazines will be added as soon as subscriptions can be filled. Plans are also being made for some new decorations—possibly draperies, pictures, and plants. New books, including fiction will be ordered and catalogued as soon as possible to meet all needs of the students.

Miss Dixon to Have Charge of Home Economics Dept.

(By Lura Jean Minto)
The instructor of the Home Economics department for the coming year is Miss Ethel Dixon, who is filling the vacancy left by Mrs. Isabel Reynolds. Miss Dixon's home is in Guerne. Her education was obtained at the Illinois State Normal University at Normal, Illinois, and at Merrill-Palmer in Detroit, Michigan. Miss Dixon enjoys handicraft and all sports during her leisure time. In being Home Economics instructor she not only teaches four classes in home economics, but has charge of the school cafeteria as well. In order to make her classes more interesting, Miss Dixon plans to let the students choose the material they will work on throughout the year.

REPUBLICANS INDEPENDENT VOTERS DISILLUSIONED DEMOCRATS

The Chicago Kelly-Nash machine bosses are hoping that you will not register and therefore not be able to vote for Senator C. WAYLAND BROOKS and his colleagues on the Republican Congressional, Legislative, State and County tickets.

It is their scheme to drive in enough machine-controlled votes in Chicago to offset what they hope will be a small Republican vote downstate due to a light registration.

ARE YOU GOING TO LET THEM GET AWAY WITH IT?

Register now in the County Clerk's office at the County Seat. Don't wait until the regular days of registration in your home precinct—September 19th and October 6th.
